OVERVIEW OF THE PLOT

The narrative begins with five-year-old Heidi being brought to her gruff, reclusive grandfather who lives in a small hut high in the Alps near the

village of Dorfli. Her aunt Dete, who has cared for Heidi since her parents died, can no longer keep her due to a new job opportunity. The old man, known as Alm-Uncle, is initially reluctant to take the child, but Heidi's sunny disposition and love for the mountains gradually soften his heart.

However, after a few years, Aunt Dete returns and takes Heidi to Frankfurt to become a companion for Clara Sesemann, a wealthy, wheelchair-bound girl. In the city, Heidi struggles with homesickness and the rigid rules of the Sesemann household, but her friendship with Clara and the kind but strict housekeeper, Fräulein Rottenmeier, leads to pivotal events. Eventually, Heidi's health declines from homesickness, and she is allowed to return to the mountains, bringing Clara to visit the following spring. The mountain air and Heidi's friendship work wonders, leading to a dramatic and happy conclusion.

DETAILED SUMMARY OF HEIDI BY JOHANNA SPYRI

Part One: Life in the Alps

When Heidi first arrives at her grandfather's hut, the old man is stern and mistrustful. He has not spoken to the villagers for years. Heidi, however, is fascinated by the hay bed, the three-legged stool, and the goats. She asks him to build her a chair, and he does. Her innocent questions and cheerful chatter break through his defenses. He allows her to stay and soon begins to enjoy her company.

Heidi spends her days with Peter, climbing the mountain pastures. She learns to milk the goats, enjoys goat cheese and bread, and thrives in the open air. She also visits Peter's family and meets his blind grandmother, who grieves because she cannot read the old hymns. Heidi promises to help her, not realizing she herself cannot read yet.

The grandfather grows more sociable. He builds a sturdy bed for Heidi, and the village begins to accept him again. For several years, this idyllic life continues. Heidi learns to love the mountains, the flowers, and the sound of the wind in the fir trees.

Part Two: The Frankfurt Episode

When Heidi is around eight, Aunt Dete returns and convinces the grandfather to let Heidi go to Frankfurt. Dete has found a position as a companion for Clara Sesemann, a wealthy, handicapped girl. The grandfather reluctantly agrees. Heidi is devastated to leave the mountains.

In Frankfurt, Heidi is placed in the care of Fräulein Rottenmeier, who is appalled by Heidi's unconventional behavior. Heidi does not know how to use a fork properly, she longs to open the windows to see the sky, and she collects stray cats. Clara, who is sweet and lonely, becomes fond of Heidi. The two become close friends.

Heidi is given lessons with a tutor, but she struggles. The city feels like a prison. She grows pale and homesick. She hoards bread to send to Peter's grandmother. Eventually, her health deteriorates, and she begins sleepwalking. The doctor diagnoses profound homesickness. He insists that Heidi must return to the mountains immediately. Clara's father, Mr. Sesemann, agrees, and Heidi is sent back to her beloved Alps.

Part Three: Healing and Reunion

Heidi's return to the mountains is a joyous occasion. The grandfather is overjoyed. She breathes the clear air again and eats simple food. Her color and strength come back. She resumes her friendship with Peter and the grandmother. She learns to read properly and can now read hymns to the grandmother.

Mr. Sesemann and the doctor later visit. The doctor is so impressed with the atmosphere that he recommends Clara come to the Alps in the summer. Clara arrives, along with Fräulein Rottenmeier. In the mountains, Clara is placed in a simple environment. She eats fresh food, spends time outdoors, and begins to gain strength. Peter, jealous of Clara, pushes her wheelchair down the mountain, but it only makes Clara more determined.

With Heidi's encouragement, Clara tries to stand. She takes her first steps! The miracle is attributed to the mountain air, the wholesome life, and Heidi's friendship. The grandfather and Peter help her learn to walk again. Clara's father and grandmother arrive and are overjoyed. Fräulein Rottenmeier leaves in a huff. The story ends with everyone happy. The grandfather, Heidi, Clara, and Peter celebrate life in the Alps.
